

# More ways to get the most from iPad with CompNow

## iOS Mobile Device Management : Free Trials Available

The Casper Suite extends the simplicity of the Apple experience to device management, providing a seamless experience for end users and administrators for iPad, iPhone, and iPod touch. If you have over 10 iOS mobile devices accessing your network - you need Casper Suite. We can setup free trials for businesses and schools around Australia. Contact us today.

## Training & Integration

Our certified trainers deliver iPad Training & Professional Development, and can tailor content to suit you. From setup to roll-out to specific learning outcomes - we have the people to deliver. Plus, we speak Mac & PC.

With 40+ technical staff we have Australia's largest PC & Mac onsite team.

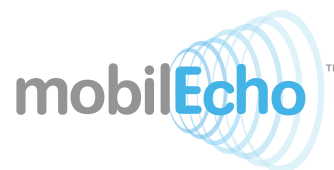

## Secure iPad File Management

### Free Trials Available

The first and only Mobile File Management (MFM) software for enterprise iPad users, mobilEcho enables businesses and schools to provide secure access to file servers for iPad users.

## Extended iPad Warranty

**Only \$49** Our customised CompNow iPad warranty extends your coverage to two years from the original purchase date. Available for all iPad models at time of purchase, or while your iPad is still under Apple warranty.

## Smart, secure iPads.

Multiple types of carts / cases / trollies available. Store, charge, sync, & transport up to 30 iPad devices at a time. Move to any room in your building, & keep your content in sync with iTunes.

## Worldwide Mobile Device Insurance

CompNow Protect will insure your iPad or iPhone for two years. Just \$150 with an excess of \$100 for individuals, and student insurance available too. Checkout the options [www.compnow.com.au/protect](http://www.compnow.com.au/protect)

## Customised iPad Case Logo Options

Featuring sleek hard shell back and magnetic on/off front flap protects your iPad 2 from scratches and external abuse - plus it doubles as a stand. Talk to us about professional customised logos for any number of cases.

## High performance Wireless

Wireless is giving schools the access to improve the learning & collaboration process on campus. More & more schools are introducing 1:1 and even 2:1 initiatives. For devices to work properly wireless must deliver greater bandwidth, support greater user client density, and support more diverse applications. Best of breed Xirrus covers all of these bases & more.
