

Everyone wants their life to be easier. More convenient. **Smarter.**

Especially when it comes to the accessories vital to keep their digital gear running smoothly and efficiently. Introducing the simply smarter collection of everyday tech essentials. Sometimes smarter is just a matter of making things simple.

wireless
POWERBANK
simply **smarter** essentials.™

STM-931-217Z-01

Your wireless (or plug in) charging solution on the go

This wireless charger is compatible with your iPhone, Samsung, or other Qi enabled device. The unit also features a standard USB-A port to charge other digital devices with your cable. Convenient suction cups provide the ability to attach the PowerBank to your device for portability.

Included

- » 10,000 mAh battery capacity
- » 1 short micro USB cable for charging PowerBank

Smarter Features

- » Two high output USB-A ports (to charge other devices)
- » ChargePlus: high input USB-C for fast charging of PowerBank, and USB-C devices

USB-C HUB

simply **smarter** essentials.™

STM-931-213Z-01

Compact adapter to take everywhere

A handy, lightweight power pass through hub that allows you to attach a Type C enabled device to multiple USB inputs, as well as the local area network.

Smarter Features

- » Use up to 3 USB-A ports simultaneously
- » Type C male connector (USB 3.1, Type C)
- » Connects to Ethernet for internet access (RJ45 LAN)
- » Short, flexible cable fits tight spaces

USB-C MEDIA HUB

simply **smarter** essentials.™

STM-931-214Z-01

The multi-tool of adapters

A multi-function hub that enables you to attach a Type C enabled device to USB inputs and your HDMI cabled monitor. Also allows you to download from your SD or TF memory cards.

Input

- » USB-C (3.1 Type C)

Output

- » 2 x USB-A (5gbps)
- » 1 x USB-C (5gbps/PD3.0)
- » 1 x HDMI (4K 30Hz)
- » 1 x SD card (SD3.0)
- » 1 x TF card (SD3.0)
